Hotel Digital Solutions

Manage

MedialogHôtel

Unique hybrid hotel PMS, with Cloud and/or local synchronization

An innovative and comprehensive software solution to manage all aspects of your establishment.

Webdispo

Web application for multi-property management of hotel groups

An online tool to centralize your hotel group's management from anywhere in real time.

MedialogRestaurant

Restaurant, bar and retail outlet POS

Software to optimize the management of your establishment.

Yield

Stathôtel

Web application for hotel statistics

With this application you can analyze the market, invest, position your business and increase revenue in real time based on reliable data.

Prices Watcher

Module to show rates implemented by hotels via OTAs

This application gives you access in real time to all the rates implemented by hotels on the web to help you adjust your offer.

Distribute

Otac

Collaborative launch pad to distribute and create hotel reservations

An independent tool fielding collaborative strength against intermediates. The application's aim is to satisfy customer requests online and directly. You will reduce your costs and regain control of your business and your distribution.

Medialog offers exclusive, flexible and comprehensive solutions to help you in your daily tasks.
These solutions will help you optimize time and increase customer service and satisfaction!

Thanks to our products, you can now manage, distribute, and ensure yield management while benefiting from our reliable and independent network.

Be part of this winning digital model

CERTIFIED TRAINING
Accredited training centre, Medialog consultants are experts in the hotel business, providing the right training for you and your co-workers.

30 years of technological innovation

Medialog designs unique and comprehensive digital solutions to facilitate and optimize your entire administrative needs. Our company also offers applications to develop an alternative distribution strategy and help choose the best market position.

Innovating means designing software packages that increase your results on a day-to-day basis. Performance means a fair solution that matches your needs all the time.

Our future-proof tools will fulfil all your needs

Our customer-base includes a wide network in the hotel and tourism industry. We plan ahead for their needs and offer innovative solutions with cutting-edge technology.

Our software is entirely designed in France by our team and addresses all types of businesses in the hotel and restaurant industry and yield management activities.

Our products are ergonomic, intuitive and user-friendly. They help optimize time spent on daily tasks for enhanced sales effectiveness and improved quality of service and customer satisfaction.

Medialog, hailed for its new product designs, is recognized as an innovative company for its solutions.

At Medialog, we believe that the hotel sector is people-centric and that we're stronger together. A solution is excellent when designed working closely with the client.
